Nov. 5 Ballot Shows Trend To 'Wetness'

(From Page One)
The first, on Nov. 5, 1900, turned out to be dry by a majority of 61 per cent of the 3,183 voters.

An analysis of the votes of the two local option elections shows that the urban areas approved prohibition more strongly than did the rural areas, just as the Nov. 5 election showed urban voters rejecting the local option by slightly larger percentages than rural voters.

Following are the percentages by which voters favored prohibition in the local option election of Nov. 17, 1902:

Four precincts in Twin Falls, 59; the Bull precinct, 65; the Pier precinct, 70; and the Kimberly precinct, 77. The only precinct voting against prohibition was the center precinct with 84 per cent of the voters balloting against it.

Four precincts are the larger percentages by which local option prohibition was favored in the May 22, 1912, election.

Four precincts in Twin Falls, 59; the Bull precinct, 65; the Pier precinct, 70; and the Kimberly precinct, 77.

While reminiscing about these elections, one early-day resident remarked, "And a full quart of Sunnyside whiskey was a bargain at \$1.50."

Twin Falls News in Brief

Permit Asked
H. L. Goewelt filed an application with the city clerk Wednesday to excavate and build a 24 by 22 concrete basement to be used as temporary living quarters at 423 Park street. Cost was estimated at \$1,200.

Marriage Licenses
Marriage licenses were issued to three couples Wednesday at the court house—Harry C. Patterson, H. W. D. and Helen Irene Clegg; Roy King, Jr. and Kathleen King; and Mrs. Mary and Mr. J. W. Leitch. A son was born Thursday to Mr. and Mrs. Eugene Rohn. Both births were at the Twin Falls county maternity home.

April 30 Set As Trial Date For Williams

VALE, Ore., March 20 (AP)—Judge M. A. Biggs today set April 30 as the date for the start of the trial of Alvin Karpis, charged with first degree murder in the slaying of W. D. Brown, widely called the "Public Enemy No. 1."

Williams was in court as was his attorney, Robert D. Lytle, and representing the state was District Attorney Charles Swan.

Williams had pleaded innocent earlier to the charge before Judge Biggs for sentencing last night.

He has been in several days, but Judge Biggs said he was not ready to sentence him until he had had a chance to hear the state's case.

Another recollection held by pioneer residents is that the last saloon in the city was the one at the corner of Main and Broadway streets, operated by Moore and Wansley.

In the present site of the A & K Hotel, the last drink served there was in the spring of 1910. Although prohibition had been voted in 1900, the saloon was allowed to operate until their licenses expired.

Two other saloons were among the last close-ups in the Perrine hotel building, operated by Oakley and Benson, and one operated by O. M. Gault in the present site of the Bertha E. Campbell apartment store.

While reminiscing about these saloons, one early-day resident remarked, "And a full quart of Sunnyside whiskey was a bargain at \$1.50."

Damages Sought From Laundry In Civil Suit Here

Judgment of \$229.91 against Pasadena, Inc., Twin Falls laundry and dry cleaners, is sought in a civil suit filed Monday in probate court by F. J. Johnston.

Johnston claims the value of 102 articles delivered July 30, 1946, to the company for laundering. He asserts his demand for return of the property three weeks later, on Aug. 30, was refused. That the company "unlawfully converted and disposed of the property to its own use" is contended.

The laundry list included 11 sheets, a dozen pillow cases, eight men's dress shirts, 20 dish towels, 10 table cloths, a dozen napkins, a like number of wash cloths, three house dresses, and miscellaneous articles.

A. J. Myers is Johnston's attorney.

Proposed Big Dam at Bliss Set in Plans

(From Page One)
The second unit of the Mountain Home project on the north side.

The first unit of the Mountain Home project would involve impoundment of surplus Payette river water, impounded in the Cascade and other reservoirs, not Boise valley, and the use of Boise river water stored at Anderson ranch, into the Mountain Home area. Both the Anderson and Cascade dams are under construction.

The Bruneau division would include several minor pumping projects which would irrigate 18,000 additional acres from King Hill to Marsing.

Another major project in the plan is construction of a dam on the mouth of Bruneau river to irrigate 80,000 acres by gravity.

Major projects above American Falls include the Palisades project near Heise, and the Hoback and Canyon dams in Wyoming's Jackson hole. The largest of the proposed irrigation projects would be the 22,000-acre Micafield state unit of the Fort Hall Indian project.

Wheat Futures up After Limit Drop

CHICAGO, March 20 (AP)—Wheat futures dropped as much as 10 cents a bushel, the daily limit, on the board of trade today, and then rebounded on renewed buying demand.

Trading in wheat was extremely active with the market changing direction with unusual rapidity. May wheat dropped to 82 1/2¢, the 10 cent limit, and then rebounded within the space of three minutes to 82 1/2¢.

"Prices dried the full 10-cent limit yesterday, the second day of the extreme advance after a breaking through to 83 a bushel on Tuesday."

Do Men Like Women?

Maybe you read that recent article in a national magazine, claiming that American men don't really like a company of women. They just put them up on a pedestal and leave them there.

But I wouldn't say that that was so in our town. Look at any married couple—like the Coppers. Jane wouldn't nag if she spent his evening "with the boys"—but actually Dee likes nothing better than to stay home by the fire, sharing a glass of beer with Jane, playing cribbage, or just talking.

And when he goes out, for an afternoon of fishing down at Seward's Creek, or for an evening glass of beer at Andy Bobb's Garden Tavern, Jane is almost always with him (except when she's got a spot of baking in the oven).

From where I sit, respect doesn't rule out everyday companionship. . . . and never shames. They go together—essential parts of a successful marriage.

RUPERT, HEYBURN WIN AT POCATELLO

Friesen Goal Clinches Victory; Bruins Fall

POCATELLO, March 20 (AP)—The mighty little Indians from Preston, defending state champions, knocked Idaho Falls out of the championship bracket of the south Idaho class B basketball tournament today with a spring-lingling 44-41 victory that outshone everything else on the opening day of the program.

John Braves defeated Twin Falls 34-24 and Pocatello won from Caldwell 40-36 in other class A games. Heyburn won from Idaho Falls 44-41, and Rupert scored a terrific second-half rally to knock Madison high at Rexburg into the consolation bracket, 40-47.

Heyburn Wins
Meanwhile in the class B tourney, Heyburn won, 44-35, over Franklin and Firth defeated Bancroft, 34-33. First round play ended at 10:30 a. m. after two class B games. Moreland played Middleton at 1:30 p. m. and Acquia met Ammon at 2:45 p. m.

Second round play will start at 8 p. m. with Boise and Preston tangling in the contest that may decide the class A championship, and Pocatello meeting Rupert at 7 p. m. Second round play in class B will match Heyburn and Firth at 8:10 p. m. and Franklin and Bancroft at 9:30 p. m., the latter consolation event.

In the Rupert-Rexburg fray, Preston started with a fast start, leading 9-2, in the opening stanza and later stretching the difference to 20-12. The Pirates kept nibbling away at the lead to trail only 40-41 at the break, however, and after Rexburg had managed to stay in front for most of the third quarter, Heyburn Conlin sank a long shot for the Pirates to tie the count at 20-20.

Heyburn Firth Rupert led 24-20 in the fourth quarter the score was tied three times and the lead changed three times. Heyburn Firth rang in the tourney, settled for Rupert in the final minutes. Heyburn Conlin, Rupert, bagged 15 counters, and Powell and Lawrence led for Madison with 14 each.

Idaho Falls started out strong, running up a 7-3 lead over Preston in the opening quarter, but the advantage seemed to serve as a prod for the champs, whose 1947 squad contains only two holdover players from 1946.

Preston Ties Score
The Preston quiet quickly tied the count at 9-9 and kept it tied at 24-24 as the quarter ended. Soon after the second quarter began, Heyburn moved into the lead, and although the Tigers pressed them hard throughout the entire game, the Indians never were bettered thereafter.

Ken Smith, Ex-Bruin Shortstop, To Get Chance for Cowboy Berth

Subject to the approval of the New York Yankee bosses—and that's almost certain—Ken Smith, former shortstop of the Twin Falls Bruins, will get a chance this spring to make a bid for a berth with the Twin Falls Cowboys of the Pioneer league, one of the other farm clubs of the Bronx Braves.

Business Manager Jack Radtke of the Cowboys, who has been conducting a tryout camp at Joyce Park, said last night that he had decided to take Smith to the Agua Caliente, Calif., camp on March 20. "Smith has been showing me a lot in the drills at Joyce park and I believe that he has the makings of a fine infielder," said Little Jack, who ought to know infielders because he is one of the best himself. "I like his disposition and I believe that he will go a long way with Scout Joe Devine."

The tryout camp will continue until Radtke leaves which means that one or more boys additionally may make a trip to Agua Caliente. Radtke hasn't given up hopes that Don Hunt, Carey pitcher, will accompany him to the training camp, even though he is listed as a member of the University of Idaho baseball squad. He said that Tom Layla, Nampa pitcher is also attending the university but would accompany him to the Yankees' camp.

Idaho's Trout Sweeps Field In Big Contest
BOISE, March 20 (AP)—Fishermen reporting catches from Lake Pend Oreille in north Idaho swept the boats in the 1946 rainbow trout fishing contest sponsored by Field and Stream, a sportsman's publication.

The state fish and game department reported today that catches from the Idaho lake took all 10 prizes in the western division for rainbow trout open fishing. The winner was E. A. Kirkpatrick who reported a 31½ pound catch last Nov. 25.

5 Boxers to Fly
MOSCOW, March 20 (AP)—Five University of Idaho boxers will fly to Madison, Wis., to compete in the national intercollegiate boxing championships March 27-29, officials said today.

The team will include three Pacific coast conference champions—Ray Engstrom, 135; Herb Carlson, 155; and Louie Erickson, 175. Also slated for the trip are Billy Williams, 145, and Ted Diehl, 165.

Washington sports enthusiasts predicted the proposal will touch off among duck hunters a screen of protest that will echo from Seattle to the Everglades. Al Ertel, N. Dir. of the fish and wildlife service, said nothing will be done on next season's hunting schedules until bird-counters now under way are completed.

When Mrs. Kay Hoover topped the maples for 602 some time back she not only rolled the 12th best total in the nation for the 1946-47 season, but she served notice on the nation of bowlers that the Magic Valley of Idaho also has some fine women bowlers. That's what the WBIC news service, a copy of which dropped onto Ye Oldie Sport Scrivener's desk the other day, indicated when it carried a story of the slender southpaw's feat.

The story says that Mrs. Hoover's 602 was the top total for both men and women in the history of Magic Valley tennis, but this isn't exactly true as a couple of men have been over the 700 mark in league play. However, there's a chance that her 602 was the best in a sanctioned league.

But be that as it may, bowling is no longer a game in which the women are left to men to take. The women are crowding the men for national honors.

For instance: The Oscars by Interplay, Detroit, recently set world records of 3,132 and 1,114, and a few weeks later came back with 3,003 and a game of 1,124.

Four women have been over the 700 total mark, including a 292 performance by Carolyn Lueder, Detroit. Lucy Court, Indianapolis, and Lois Hoffman, Detroit, have 289 games, while 12 others have 270 or better.

Connie Powers, Detroit, has a 197 average for 72 games, while 11 others are traveling at a 186 pace or over. Rowena Nichols, San Francisco, totaled 923 for four games in a WBIC sweepstakes.

Nina Van Camp, Chicago, totaled 7282 in her 30-game match with Val Nikkila, Detroit, and won by 200 pins. Her average was 202.10, which was boosted by one 300 game.

Oh, yes, the women are going places in the great American game of tennis. And THAT'S THAT FOR NOW, except: 's the sectional tournament at Pocatello it looks like Minidoka county is about the rest of Idaho.

Of the 10 A and B teams still with a chance to win titles, three are from Minidoka.

Church Plans To End Split Of Civil War

PHILADELPHIA, March 20 (AP)—The two major groups of Presbyterians—split by issues of the war between the states—disclosed today a new plan for organic union of their more than 2,500,000 members.

A joint committee worked out an agreement which will be recommended to general assemblies to be held in May by the Presbyterian church in the U. S. and the Presbyterian church in the U. S. A. northern and southern branches respectively.

The northern Presbyterians at the same time announced they are holding the door open for further conversations with the Protestant Episcopal church on organic union.

A statement expressed regret that the Episcopalians, who made the original unity suggestion, turned down the proposed union at their last general convention here.

The Presbyterian department of church co-operation and union replied to a communication from the federal council of churches that the church is willing to co-operate in any movements of union among evangelistic churches.

A new prospectus has been developed to make starch from sweet potatoes with a by-product of cattle feed.

Girl Scouts Told Snowshoes' Uses

GOODING, March 20—Albert Dickson, game warden for Gooding and Camas counties, demonstrated the use of snow shoes at a meeting of troop 1 of Girl Scouts Thursday evening at the high school. Dickson told of using the snowshoes in covering territory in the Big Smoky area when chiding on condition of game this past winter.

Mrs. B. E. Severe is troop leader. Mrs. Otto Joslin is teaching singing to the group.

Gooding County Given All Asked, Schmidt Declares

GOODING, March 20—Commenting upon appropriations made by the last session of the state legislature, Julius Schmidt, Gooding county representative, pointed out that all appropriations sought by the Gooding county delegation were passed as requested, with no reductions.

Schmidt emphasized that Gooding ranks third in the state in the amount of appropriations received. Highest appropriation, Schmidt explained, went to the University of Idaho, Moscow, \$2,800,000; next highest to the Idaho State College, Pocatello, \$1,212,032; then the state tuberculosis hospital at Gooding, \$439,150.

The state school for the deaf and blind, also at Gooding, received an appropriation of \$370,745. The legislature also appropriated \$50,000 for moving buildings and facilities to Gooding from the former site of war camp at Rupert. Schmidt pointed out these cost the federal government \$1,200,000 but that the state tuberculosis hospital is receiving them at no charge other than the cost of moving.

Total state appropriations for institutions at Gooding amount to \$695,995.

Valley's Officers Hear Discussion Of Liquor Laws

Members of the Magic Valley Peace Officers association met in Twin Falls Wednesday night to discuss mutual problems of law enforcement. Host at the meeting was Sheriff Brode R. Bayless. Principal speaker was I. E. (Bill) Nitschke, former FBI agent, who gave an instructive speech on the enforcement of various laws.

A discussion of the new liquor, slot machine and purchased law was led by City Attorney J. H. Hainderson and County Attorney Everett M. Sweley. Members of the association anticipate no difficulty in administering the new laws once they are put in effect, and believe the new laws will simplify the work of law enforcement agencies.

Insurance Policy Of 1889 Revealed

A life insurance policy dating back to 1889—the oldest policy ever seen by agent Gordon Jones—has been delivered to him for collection to the estate of George F. Epperson, 83-year-old Twin Falls pioneer businessman who died recently.

Spaces on the yellowed document are filled with the sort of flowery penmanship that marked the era in which the policy was issued.

Small type on the old policy takes up only a few paragraphs and is quite readable in direct contrast to the average modern insurance policy which generally is accompanied by several pages of fine print.
